

“I have already acquired a great deal of training in my career, but the training I received from Coeus was like nothing I had ever received. It gave me new purpose, revitalized my career and motivated me to succeed!”

~**Mariz Jean Solano**
LICENSED TEACHER

“I found Coeus training to be cost effective, as it was cheaper to train my existing employees to a higher level as opposed to recruiting new employees. Moral and Motivation increased after COEUS' training and helped my employees become more efficient, which in-turn has translated into higher profits.”

~**Richard Hong**

- Anyone

English is the basis for communication worldwide and is taught in every Industry Sector. Many people have taken their knowledge in their chosen background and carried on to teach English based on their area of expertise.

The Canadian TESOL Institute (CTI) is committed to teaching excellence. CTI's goal is to train individuals with an internationally recognized certification that educates people how to teach English. CTI strives to expose participants to modern methodologies and techniques but also opens up a world of possibilities.

The **CTI TESOL Fundamentals Course** is a comprehensive program designed to teach people how to teach English. The course aims to give participants all the skills and techniques they need to become an accomplished teacher.

Participants will be given the ability to:

- Manage a small group & develop their presentation skills;
- Learn how to conduct themselves in different Cultures;
- Conduct themselves professionally in a multicultural setting;
- Work with students of different Age and English proficiency levels;
- Unlock and improve their English ability through instruction;
- Instruct in the basic abilities of Reading, Writing, Speaking, Listening, Grammar and Pronunciation;

This course is **NOT just for Teachers but anyone who has excellent English skills.**

“ Thank you for making my TESOL course painless, pleasant and most of all hassle free. I use the skills I leaned more and more each day and it has made my life a lot easier in the classroom. ”

~Jeff Morrison
